Dear Thom,

On behalf of our teenage clients who attended your juggling demo and training at our office, I want to extend our sincere thanks and appreciation. What a fun time! Anyone who can teach my co-worker Tim how to juggle, even if it is just a little bit, is truly gifted.

I certainly enjoyed watching your excellent skills, but I was equally impressed with how well you interacted with the kids. You took your time with them and gave them such great encouragement and praise.

The young men and women we try to help with our work have usually had to deal with some very difficult environments and situations, with substance abuse, our specialty, usually just being a symptom.

The smiles you brought to Taylor and Sam when you gave them the positive feedback were so awesome. Positive activities such as juggling are one important component which helps these adolescents stay off of drugs.

Thanks again, and we wish you the best with your career. We do hope to catch one of your future performances in the St. Louis area.

Sincerely Yours,

Bob Gross – Community Support Specialist
