To Whom it May Concern:

Grove Fest was pleased to engage Thom Wall as a street performer for our festival in October, 2013. From the beginning, Thom was easy to work with and interested in making sure that he could provide the highest level of performance for Grove Fest.

Thom's performance during the festival was engaging. He interacted with participants in all age ranges, entertaining adults and fascinating children. His demeanor throughout his performance exuded delight – he truly seem pleased to be a part of the festival. Many photos of the day feature Thom posing with participants and in each shot, one can see the happiness that Thom's act brought to each person.

Given his exemplary performance and his professionalism from start to finish, I would hire Thom Wall for entertainment again.
