To whom it may concern,

I have had the pleasure of booking Mr. Wall for numerous events. His talent is endless and only over shadowed by his professional demeanor and the creative stamp he puts on every custom performance I ask of him.

I do not come across many performers who are as business savvy as they are talented. Mr. Wall "gets it" and always delivers a high quality show that my clients demand while offering me a stress free environment so I can focus on the big picture. I look forward to working with him again!
